

The 16 Year Plan To Destroy America 3

MelQ • November 06, 2021

Updated 11/06/2021

Part 3

Crossfire Hurricane:

The Obama administration conspired to spy against President Trump using UK MI5/6/SIS, Five Eyes, Israeli NSO Pegasus Surveillance and FISC to obtain permission. They were also spying on Senator Cruz's presidential campaign.

Queen Elizabeth II in the UK was using Israeli NSO Pegasus to spy on everyone, she called all the shots through Obama's administration. The exchange of classified information flowed freely with or without the use of FVEY. On the 2016 election night 7 people, Barack Obama, Hillary Clinton, James Comey, Susan Rice, John Podesta, Chuck Schumer and Adam Schiff flew to London to have a private secret society meeting with Angela Merkel, Jacob Wallenberg and Queen Elizabeth II. The meeting was to discuss how to remove Donald Trump from the US Presidency using the one of their ships that have shipping container missile systems and they discussed how to keep their worldwide trafficking scheme quiet.

The Barack Obama and Hillary Clintons Uranium1 deal with countries like Russia, Iran and North Korea helped to create an armada of ships that have shipping container missile systems (Club k's) that contain nuclear warhead missiles paid for by US Taxpayers under the guise of the Red Cross, foreign aid and Paris Accord climate funding. They are used to cripple or remove any opponents to their plans effectively creating a blockade using video game chat logs and cell phones to communicate their plans and arm and operate these weapons. Plans that including the treasonous '16 Year Plan to Destroy America' and to prevent any exposure of their worldwide trafficking scheme which includes human/sex trafficking with men, women, children and infants as well as guns and drugs. This missile system is also used to prevent any delcas or disclosure from being exposed, anything from UFO's to Durham reports.

This scheme also includes the harvesting and worldwide supply of adrenochrome from children with the assistance of Shell Oil pipelines. This ships collect the

substance (F assets/intel) from the pipelines and deliver to individuals is based on a class system in which ranking determines use of these assets which are used as feed. Poverty stricken locations are set up as exchange shelters such as Haiti using humanitarian aid organizations like the Red Cross and political organizations like the Clinton Foundation to traffick victims through adoption or other means and the money is funneled back through to the ships and trafficking schemes. The Obama Administration was able to bypass finance paper trails by dumping lots of cash before leaving office. A few other ports of call include New York and Los Angeles Ports, Rotterdam, Antwerp, Port of London, Red Castle or Gibraltar, Las Palmas Canary Islands, Kenya Mombasa, Brest Port, Sine Port, Saigon, Jeddah and Port Harcourt in Nigeria which hosts the F39 Shell Oil pipeline that pumps Adrenochrome from shore to ship, there are even more ports and exchanges worldwide.

Q2658/Q4556/Q3486/Q1559/Q10 How about a nice game of chess? & Infiltration & Termination

Some F Assets are kept as controlled pawns and used for key positions for the Cabal. The inner circle. Some are sent to the CIA Farm at Langley Virginia to become intel agents. Agents are placed in positions of need like the mainstream media, congress, political leaders, Hollywood celebrities as well as other various vocations. These assets are told what to do and say to support the narrative of the Cabal>Deep State.

November 03, 2021: Special Counsel John Durham indicted Igor Danchenko on 5 charges for making false statements to the FBI in 2017. Originally from Russia and known to be a Hillary Clinton supporter, he worked for the Washington Think Tank: the Brookings Institution BI where Bill Clinton was college friends with the former president Strobe Talbot. Fiona Hill introduced Danchenko to Christopher Steele, Hill and Danchenko were co-workers at BI, she was a key witness in Ukraine Impeachment of President Trump. She is also implicated in the Dossier operation.

Danchenko was the main source for the now discredited Dossier for Christopher Steele in 2016 that was used to create the FISA applications. Joe Biden's current National Security Advisor Jake Sullivan was the Hillary Clinton Campaign senior foreign policy adviser and the likely operative that set the entire Dossier scam in motion. Sullivan was possibly the lead in the confidential project that came up with the so called Trump/Russia intel that was given to Danchenko who gave the fake information to Steele who subsequently gave it to Fusion GPS who then pushed it out to the CIA/Mossad mainstream media.

The indictment indicates that Danchenko and a Democrat PR Executive, which is Charles Dolan Jr. confirmed by his attorney, collaborated on Trump research intelligence in the Dossier in October of 2016. Dolan later admitted to the FBI that the information he gave Danchenko was false. Danchenko lied to the FBI again stating in July of 2016 he received a phone call from a Russian Reporter named Sergei Millan who gave him the information on the Trump/Russian collusion story, which Millan says the call never happened. Danchenko lies 3 more times stating Dolan did not give him the information, and that he stayed in a Moscow Hotel in June of 2016 when he actually stayed there in October of 2016, and he also lied about Dolan being his source. According to Space.com sun has released several Solar Coronal Mass Ejections CME's the first week of November 2021 and around the time of the indictment; creating auroras, geomagnetic storms, possible power grid and satellite fluctuations.

The FBI and DOJ knew they had false intel and lied on the FISA applications. Germany helped build the Steele Dossier. The Dossier was paid for by former Secretary of State Hillary Clinton, who held RR/Rockets/Missiles against people get it done. It was another set up to take down President Trump. They could not lose control or allow their treason or satanic pedo acts come out. They wanted to rig the election. Senator John McCain and Senator Lindsey Graham pushed it because they are part of the Deep State and every media outlet who reported the false information was sharing a hoax. BuzzFeed News, along with the Soros funded International Consortium of Investigative Journalists (ICIJ). MSM heads conspired with Dems to help push Fake Russia narrative.

Fusion GPS had Perkins Coie Michael Sussman, paid by Hillary Clinton, and a secret DNC committee with Chair Debbie Wasserman Schultz, CEO Amy Dacey and Mr Brown push the Russian narrative that President Trump was communicating with a Russian Alfa Bank server in March of 2016. Mr. Sussman's Sept 16, 2021 indictment reveals in section 7. "The FBI's investigation of these allegations nevertheless concluded that there was insufficient evidence to support the allegations of a secret communications channel with Russian Bank-1. In particular, and among other things, the FBI's investigation revealed that the email server at issue was not owned or operated by the Trump Organization but, rather, had been administered by a mass marketing email company that sent advertisements for Trump hotels and hundreds of other clients." They knew the information was false before they pushed it out to the media yet did it anyway.

In 2016, Barrack Obama and FBI Director James Comey told Deputy Director Andrew McCabe and Deputy Attorney General Rod Rosenstein to approve the fraudulent FISA applications for Trump's aid Carter Page, this allowed Obama to spy on Trump. Obama then pushed the Steele Dossier, supported by the FBI and Director of Counterintelligence Bill Preistap, and that Hillary Clinton paid for claiming Russian Election interference. Director of National Intelligence James Clapper tried to get the Supreme Court to invalidate Trump's presidency while Fusion GPS agent Natalia Veselnitskaya set up Trump's Campaign Manager Paul Manafort for the Trump Tower events regarding Donald Trump Jr and Jared Kushner and then FBI Deputy Asst. Manafort was a deep state plant, he was deeply in debt to Russian oligarch Oleg Deripaska, so they gave him a way out by setting up President Trump.

Former FBI Special Agent Peter Strzok & Deputy/Acting Attorney General Sally Yates went after Trump's National Security Advisor General Flynn. Obama used UK MI5/6/SIS, Five Eyes, Israeli NSO Pegasus Surveillance and FISC to obtain permission. Also assisting were German PM Angela Merkel, UK PM May and CIA Director Gina Haspel, who was the prior CIA UK Station Chief. Obama also used Senators Warner, Cardin and Corker as well as the State Department.

Under FISA UK assist, the surveillance allowed for a '2 hop' rule. Since Carter Page was the target in the original application for Russian spying, the FBI was then able to spy on anyone Page was in contact with and anyone the next person was in contact with. This included President Trump, NSA Director General Flynn, Trump's campaign manager Paul Manafort, Trump's campaign advisor George Papadopoulos, and Senator Ted Cruz. The original application was dated April 1, 2016, 11 days before Carter Page joined the Trump campaign on March 21, 2016, and 10 days after the Buryakov press release identified Page as the Russian agent on March 11, 2016. The FBI used this same application plus 3 renewal applications as their basis for the Dossier and then ultimately the Special Counsel Robert Mueller investigation. This throws off the timeline and shows that Obama's intel team was spying on President Trump and Senator Cruz long before Carter Page was involved and likely earlier during the presidential campaign.

Q1150 - Think timing. LL (Loretta Lynch) remains AG (Attorney General for) HRC (Hillary Clinton). HRC appoints new AS (Justice Anthony Scalia) replacement (Justice Sonia Sotomayor). RBG (Justice Ginsberg) steps down. LL (Loretta Lynch) steps up. New AG (Attorney General) 'The Plan'. Q

Q2088 - ...They always thought if charges were brought [v. them] they would ultimately be safe [SC control] (Supreme Court). [AS] (Justice Anthony Scalia) out [HRC] (Hillary Clinton) appointment(s) >> End of all ends. Final. Did Anthony Kennedy have a choice? Was this the original plan according to HRC election win? What evidence was he shown? RBG replacement [lifetime appointment - age]?...

CIA Director John Brennan and Peter Strzok used an Intelligence Community Assessment ICA with the Dossier added to it while Strzok's wife Melissa Hodgman was hiding Hillary's email evidence. Hiding Hillary's evidence was also the reason of former President Bill Clinton and Attorney General Loretta Lynch's Tarmac meeting in June of 2016. As an exchange, Lynch was promised a Supreme Court appointment once Justice Ginsberg stepped down. They always thought they would be safe having their nuclear missile ship armada to protect them, they murdered Anthony Scalia in Feb 2016 to maintain control of the Supreme Court and Bill Clinton promised AG Loretta Lynch on the Tarmac in June of 2016 a position on the Supreme Court. In return Lynch was supposed to look the other way at any of Hillary's email/server evidence which she did. Hillary then appoints Justice Sonia Sotomayor to replace Scalia and advises Lynch the plan is for her to replace Justice Ruth Bader Ginsberg. Justice Anthony Kennedy was shown evidence of this and was forced to step down under threat of missiles/death.) RBG is also a multiple meaning of the Royal Family/The Queen, so she oversaw 'The Plan'.

Adam Schiff was caught leaking classified information in order to damage President Trump regarding Russia collusion. While trying to dig up info on the President and General Flynn he released classified information about wire transfers in pursuit of Clinton emails by Paul Manafort who we now know was a Deep State plant, to Buzzfeed. Special Counsel Mueller never found any evidence of any Russian collusion. Schiff repeatedly claimed he had evidence of Trump/Russia collusion but was never able to provide any proof. He also lied about the basis of FISA warrants when he had access to documents proving the Steele Dossier was bogus. While trying to pursue alleged naked photos of President Trump he got punked by Russian comedians who recorded Schiff asking for photos and recordings.

National Security Advisor Susan Rice unmasked Flynn's meeting with Russian Ambassador Sergei Kislyak, with help from the Washington Post reporter Adam Entous, who leaked it from a source that saw it in a Palpatine's Revenge game chat log discussion. As early as November 2016, unmasking requests to the NSA were made by 16 people including US Ambassador to the UN Samantha Power, DNI James

Clapper and then Vice President Joe Biden made a few of the requests. This was before the actual Flynn/Kislyak phone call on Dec 29, 2017, proving a set up occurred beforehand. Approved by Rice in 2017 under Obama's guidance and Russian interference Executive Order, in a purely political move.

During this timeframe, Strzok's FBI interview with Flynn on January 24, 2017, forcing Flynn to later plead guilty and be fired about lying to Vice President Pence. Strzok also withheld exculpatory evidence of handwritten notes taken by him, DOJ official Tashina Gauhar and FBI Lawyer Dana Boente, during and after the meeting with Flynn that found that he had not engaged in any wrongdoing. The FBI kept the case open regardless to pursue Joe Biden's suggested idea to prosecute him under the Logan Act which didn't apply either.

Trump's campaign advisor George Papadopoulos and Australian Ambassador Downer were spied on by Strzok in London and this was used to set up the Robert Mueller investigation and the 2019 impeachment of Trump.

Strzok and FBI General Counsel Lisa Page's texts revealed Obama's involvement and plan to take down Trump and hide Hillary's crimes, including crimes against children. Brennan's CIA spied on FISA court head Chief Justice Roberts who was likely blackmailed into all FISA investigations including Flynn's, who was ultimately pardoned by the President. The Illuminati Cabal and Hillary held CIA spying info and RR/Rockets/Missiles from her armada of ships, against people get it done.

On November 22, 2017, Attorney General Jeff Sessions appointed US Attorney for Utah John Huber directing him to investigate Hillary Clinton and claims of FBI and DOJ misconduct, which didn't amount to much so in May 2019 Attorney General Barr assigned a special counsel to John Durham who is known for successfully prosecuting mobsters like the Gambino, Genovese and Patriarca. He also was tasked to go after Boston corruption and in 2005 he investigated the CIA for destruction of videotapes regarding 9/11 interrogation something that former CIA Director Gina Haspel also did at the CIA black site in Thailand. He is in charge of investigating the Deep State corruption that occurred during FISA as well as other crimes. But it's been delayed because of the RR/CME/Missiles threat to the world.

Most of the information discovered here was received from the Inspector General Michael Horowitz report on FISA released on December 9, 2019, but the IG concluded that the DOJ and FBI largely complied with policies. Both Barr and Durham publicly

commented that they disagree with the conclusion of the report. A likely conclusion if the threat of RR/CME/Missiles were known.

###

2020 Election

Mike Lindell has provided tons of documented evidence of Voter Fraud starting in Maricopa County AZ, in a Documentary called ‘Absolute Proof’ and presented it multiple times for the American public. Tampered with Dominion voting machines, cyber intrusions mostly from China on election night, phony paper ballots, dead voters and voter intimidation just to name a few. Dominion and Smartmatic machines have connections to George Soros.

September 25, 2021, the Maricopa County 2020 Election audit results were released, the audit included 1500 volunteers. Over 2.1 Million ballots were hand processed and over 57,000 ballots may be legally in question which is more the 5x the amount the Biden supposedly won by which was 10,457. Karen Fann, the Arizona Senate president claims the audit received unnecessary obstruction from Maricopa County by going to court and the use of subpoenas. The audit uncovered significant evidence of broken statutes and personnel not following chain of custody. Election systems, record keeping, signature verification match and voter roll issues need improvement and investigation. Because Maricopa County officials refused to cooperate it was impossible to complete the audit.

It was led by Cyber Ninjas Doug Logan and Ben Cotton as well as an independent team including assistance from Dr Shiva Ayyadurai for audit analysis, Randy Pullen and Ken Bennet presented election laws. Senator Peterson identified critical issues encountered while obtaining the audit including audit obstruction, the numbers don’t add up, “It appears they broke the law with duplicate ballots”, people need to be held accountable for mistakes, chain of custody issues, data files were not preserved, weakness in Cyber Security and missing signatures on envelopes. The routers, Splunk data and Netflow data were never given to the auditors for review, this would have shown internet traffic which was not allowed. The actual recount in the audit showed Joe Biden won by 994 votes but also showed a multitude of evidence that fraud was committed.

In August of 2021 Maricopa County was threatened by Attorney General Brnovich, if they didn't release the routers then millions in government funding would be withheld. Arizona Senate president Karen Fann's brother Mike Fann owns Fann Contracting which negotiated for the states road rebuild project on September 14, 2021 and 3 days later Karen Fann signs MCBOS agreement for AZ Senate that allows Special Master John Scadegg to describe the routers contents to the auditors for if they will release government funding for Maricopa. She retires on November 1 and Fann Contracting gets the \$445,940,000 road rebuild contract 2 days later.

Mail in ballot issues:

Mail-in Ballots Voted from Prior Address 23,344; More Ballots Returned by Voter Than Received 9,041; Potential Voters that Voted in Multiple Counties 5295; Official Results Does Not Match Who Voted 3,432; More Duplicates Than Original Ballots 2,592; In-Person Voters Who Had Moved out of Maricopa County 2,382; Voters Moved Out-of-State During 29-Day Period Proceeding Election 2,081

Maricopa had originally refused to do a canvass, which would show the number of votes cast should not exceed the number of voters. The ballot delta is currently 11,592. A Canvass was run by citizens and led by Liz Harris during the audit instead. On its Canvass report, Maricopa had not counted any duplicate ballots. Another Canvass could validate findings even further as well as an investigation by the Attorney General. As of Sep 26, 2021, 41 legislators from various states wrote a letters calling on a 50-state audit.

There were 29,557 duplicate ballots and 26, 965 were sent for duplication, leaving 2,592 more duplicate ballots counted then sent. When attempting to resolve discrepancies the audit team was met with resistance by Maricopa County.

Unidentified and misidentified ballot batches were supplied which draws questions to signature verification verifiability. Dr Shiva found 17,322 duplicates in which some cast 3- and 4-times mail in ballot signatures, 25% were received after the election.

Other ballot anomalies:

Received without Record of Being Sent 397; Voters With Incomplete Names 393; Deceased Voters 282; Late Registered Voters with Counted Votes 198; Double Scanned & Counted Ballots 50; UOCAVA

The audit results show that over 1 million files were missing, and 284,412 ballot images corrupt from the Election Management Server EMS and logs were cleared.

Maricopa County disputed that this happened. There were statutes being broken and chain of custody issues regarding ballots and they were not always delineated, or they had missing serial numbers, these will all need to be investigated. Computer and cyber security protocols were not followed like patch and credential management, best practices by Cyber & Infrastructure Security Agency CISA were ignored as well. Counties should always be able to be in control of their administrator passwords for voting machines to maintain monitoring and integrity. Fake paper was used in 100% of the ballots instead of VoteSecure stock when asked to research paper, ink, toner and ballot formats further, Maricopa County blocked the request.

74,243 more ballots were received then sent out, 11,326 didn't show up on election but did show up on Dec 4, 2020. 3981 voted but registered after Oct 15, which would disqualify them from voting in 2020 election. An estimate of 57,000 votes with improper voter discrepancies voter registration were found. This type of fraud could invalidate the election and should be criminally investigated. Also, a Kinematic Artifact processing is checking the ballot images and will fully map all printer miscalculations and have a report available shortly.

Additional audit tallies:

Votes Counted in Excess of Voters Who Voted 1551; Voters not part of the Official Precinct Register 618; Ballots Returned Not in the Final Voted File 430; Duplicated Ballots Incorrect & Missing Serial Numbers 500; Mail-In Ballot Audit UOCAVA Count Does Not Match the EAC Count 226; Date of Registration Changes to Earlier Date 194; Duplicate Voter IDs 186; Multiple Voters Linked by AFFSEQ 101; UOCAVA Electronic Ballots Double Counted 6; Duplicate Ballots Reuse Serial Numbers 6; Individuals voted in more than one county 5,047, for up to 5,295 additional votes; Voters cast ballots using incomplete names 393; Individuals who registered after the Oct. 15 deadline voted anyway 198; Voters shared a registration number with another voter 2,861; Votes appeared to be cast in the names of dead voters 282; Voters appeared to have duplicate voter IDs, both of which were presented at separate times 186.

The Democrats have a history of cheating in elections. A Philadelphia Judge of Elections, Domenik DeMuro, was caught adding votes for Democrats in the 39th Ward in 2014, 2015 and 2016.

In Troy New York, Former Democratic City Clerk William McNerney, Democratic Councilman John Brown, and Democratic political operatives Anthony Renna and

Anthony DeFiglio were caught forging signatures on absentee ballots for the Working Families Party Primary in 2009, all four plead guilty.

In 2016 Project Veritas uncovered that the New York City Democrat election commissioner Alan Schulkin admitted on film “there is a lot of voter fraud”. Democrat Operative Scott Foval admitted they “bus people in”, using fake shell companies, out of state voters are hired just to vote and then paid off through the shell companies.

House Resolution 1 HR-1 transfers authority in how elections are run from the State to the Federal Government. It mandates voter registration for anyone registered at the Department of Motor Vehicles, Public Universities or any social service agency. It also mandates that States comply with these new laws regardless of their state laws. Unmonitored absentee voter drop boxes must be made available 24 hours a day within 45 days prior to federal election, this also allows for curbside voting.

It forces states to redraw congressional district lines to show “racial, ethnic, economic and gender” diversity. It removes any requirements for Voter ID and allows illegal immigrants and felons to vote and allows for ballot harvesting. It limits the ability for lawsuits against HR-1 and recommends statehood for the District of Columbia. It limits free speech against the law and considers it “misleading information”, penalties could be up to 5 years in prison.

It is illegal in the United States for non-citizens to vote in elections, regardless some jurisdictions still allow immigrants to vote. Immigrants are also counted when remapping congressional districts which allows for more electors. These things apply even if they have broken the law. 6.4% of Immigrants voted in the 2008 presidential election according to a 2014 study. The majority of Americans are against non-citizen voting. Voter ID requirements demonstrate identity and citizenship greatly reduce voter fraud.

**This also has a multiple meaning of removing Jacob Wallenberg from power through the use of cyber and information warfare.

###

THE STORM

IT WILL ALL COME OUT. President Trump & Q will not be BAITED by Cabal when the release itself will FORCE TERMINATION of ship CME/missile system in Red

Castle (Gibraltar). This will trigger The Storm worldwide, White Squall, using the Military that's already deployed around the world & applying the Law Of War. EAS alerts with Local and State Authority messages will be sent out, including FEMA and DEFCON Alerts. The extraordinary success of this mission will be due to the incredible skill, bravery, and selfless courage of the United States Military HEROES. This is the way the mission was designed.

Space Force SF is aware of the threat and will take steps to eliminate using the Missile Defense System, which is missile shield. This includes Intercontinental Ballistic Missiles ICBMs or other Ballistic Missiles. SF also has mentioned wanting to add Directed Energy Weapons DEWs and Anti Satellite ASAT weapons capabilities to its arsenal as well. We are well protected from our adversaries.

The Storm Is Coming

Earthquake and Category 5 type Storm damage. Significant, life-threatening impacts will occur as in power outages and heavy rainfall, fast-moving significant flooding, dangerous life-threatening coastal storm surge of 12-16 feet. Catastrophic wind damage in excess of 150 mph is expected, as well as isolated tornadoes. Extremely life-threatening inundation. Stay in small interior rooms with no windows. Be sure to have food, water & supplies on hand! Residents should learn/know where they are on a map and which National Weather Service NWS office covers their area.

<https://www.weather.gov/srh/nwsoffices>

FEMA will work with federal, state, local tribal and non-governmental partners to support the response across multiple states. We will deploy staff and staged meals, water, tarps and generators to assist states impacted by the Storm. To locate a shelter near you visit the Red Cross Shelter Map or download the FEMA App.

<https://www.redcross.org/get-help/disaster-relief-and-recovery-services/find-an-open-shelter.html>

<https://www.fema.gov/about/news-multimedia/mobile-app-text-messages>

Areas inland will continue to experience dangerous weather conditions, please be safe and listen to local emergency management officials. Anyone in the forecast path should rush to complete final preparations.

The US Army Corps of Engineers team is in position & ready to provide support as well as the National Guard. Helplessness, anger, and frustration are all normal

feelings, but know that you are not alone. Lean on each other, friends, family, chaplains, and others to talk it through. Residents should shelter in place for the duration of the storm and follow shelter-in-place guidelines from State and Local officials. Know that the US Military is here for you if you need assistance. Actions to protect life and property will occur. Temporary Power Teams will set up Emergency Commands and Control Vehicles (ECCV) at Generator Staging Bases. The USACE Temporary Power Teams will be working day and night shifts to deliver emergency power to critical facilities as assigned by FEMA for the Federal response. The mission will focus on providing temporary emergency power to critical infrastructure, emergency responders, and social systems to support lifesaving and life sustaining activities.

Put on your full armor of God! It will be Biblical!

Additional Storm Tips:

- Keep freezers & refrigerators closed.
- Only use generators outdoors and away from windows
- Do not use a gas stove to heat your home.
- Disconnect appliances in electronics to avoid damage from electrical surges.
- Have alternate plans for refrigerated medications or using power dependent medical devices.
- The refrigerator will keep your food cold for four hours. A full freezer will keep the temperature for about 48 hours. Use coolers with ice if necessary. Monitor temperatures with a thermometer.

The US Military and its complete arsenal, which President Trump controls, will be the SAVIORS OF MANKIND! NOW THE HUNTERS BECOME THE HUNTED! The Cabal will cower in fear at the wrath of God! The Cabal will fall. The governments will collapse, and the people should not be afraid. Pray for our brave service members, they are true heroes! Our Soldiers will be working hard to secure a dangerous environment to protect people of the world. That is the ultimate act of compassion.
